### NIGHT SCHOOL BEGINS

WITH 40 ATTENDING.

Number Expected to Increase—Five Apply for High School Studies.

There was an attendance of 40 at the opening session of the town night school in the town hall Monday evening, and it is expected that the attendance will increase considerably after the work has gained headway. There were five applications for high school studies and if this number is doubled a class will be started at once. Felleh, Greek, Jewish and American were the classes represented in the school. Superintendent of Schools Edward J. Graham was present.

Principal Herman Aloftin, 2d, is in charge of the night school and is assisted by Miss Helena Coughlin, Louis Swartzburg and Miss Marion C. Munger.

### Tried Suicide Three Times.

Roy Buddington, 17 years old, of Powne, tried three times to end his life in a cell at police headquarters at New London Saturday night. He was locked up for intoxication. First he tried to hang himself by means of his belt to the bars of the cell door. Later he twisted his overshirt into a cord and tried to strangle himself. Then he resorted to the use of his underclothing for the same purpose, but was prevented again.

### Aunt Sally's Advice

to Beauty Seekers

**Red Nose.** The nose is a more delicate organ than most people imagine. It should be touched as little as possible. For undue redness the treatment recommended in following paragraph will be found effective. Apply without rubbing.

**Muddy Skin.** The sanest, safest and surest method of giving a clear, healthy, transparent appearance to the complexion is to apply ordinary mercantile wax every night for from one to two weeks. This wax, obtainable at any drug store (one ounce is sufficient), actually takes off a bad complexion by gently and gradually absorbing the thin veil of surface skin. The new skin then in evidence is as fresh and velvety as a young girl's. The wax is applied like cold cream and washed off mornings.

**Wrinkles.** A harmless lotion made as follows has been found very effective in cases of wrinkles and flabbiness: Powdered saxolite, 1 oz. dissolved in witch hazel, 1/2 pt. Bathe the face in this occasionally.—Woman's calm.

### Fortunes in Faces.

There's often much truth in the saying "her face is her fortune," but it's never said where pimples, skin eruptions, blotches or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at Lee & Osgood Co.

There is no advertising medium in Eastern Connecticut equal to The Bulletin for business results.

### WAS PART OWNER OF FAMOUS MASON'S ISLAND.

Andrew Mason, 92 Stricken on New London Streets and Dies in Hospital.

Andrew Mason, part owner of famous Mason's Island in the Mystic river and a direct descendant of Capt. John Mason, one of the early settlers of Connecticut, died late Monday afternoon in a New London hospital after a short illness of acute indigestion. He was stricken on the street and died 15 minutes after he was removed to the hospital.

Mr. Mason was 92 years old, and with his brother John, who is only a few years his junior, lived on the island practically all his life. The island comprises 600 acres and the land, each living apart from the other. They led the life of recluses and did not speak to each other.

Of late years various reasons caused Andrew to sell some of his land and in consequence there has grown up a pretentious summer colony there.

### PRESIDENT LATHAM ON REARING QUEEN BEES.

Report to be Made at State Association's Semi-Annual Convention.

President Allen Latham of the Connecticut Beekeepers' association is on the programme with a story to tell on Queen-raising at the semi-annual convention, which is to meet this time in Middletown next Saturday, with morning and afternoon sessions.

He also expects to give a report on Foul Brood and offer a new bill for the consideration of the members. This will be the first convention of the association in Middlesex county, which is one of the charming sections of the state, where bee-keeping has been prominent for years, especially as a useful adjunct to farming.

The season in Connecticut has been a good one with the demand for honey encouraging.

For the annual statistics to be collected by the association, the members are being asked to answer the following questions:

1—How many colonies, spring count? 2—How many, fall count? 3—How much salable comb honey obtained? 4—How much extracted? 5—How much wax? 6—What kind are most of your bees? 7—What kind are the majority of your hives? 8—How many are diseased? 9—Has foul brood decreased in your locality?

### BADLY BURNED BY GASOLINE TORCH EXPLOSION.

John A. Button Burned About the Face and Had Eyebrows and Hair Singed Off.

John A. Button, a well known plumber who lives at No. 121 Franklin street, was badly but not seriously burned Monday afternoon while at work with a gasoline torch while he exploded.

Mr. Button's eyebrows and moustache were singed off, his cheeks, chin, nose and forehead scorched and blistered, and some of the hair on top of his head burned while he was at work at the house on lower Union street which is being remodeled for Mrs. Sarah Gardner.

His hands also were burned in putting out the fire before it had set fire to the building, but his eyes were not affected by the sudden flash of the exploding gasoline. Mr. Button had his burns doctored from a drug store after he had gone to his home and was out at his shop at work again through the rest of the afternoon.

### WHEN NORWICH PEOPLE

Publicly Testify, It's Evidence Not to Be Ignored.

When residents of Norwich are willing to recommend Doan's Kidney Pills in this paper, is there any good reason to try a kidney backache or bladder remedy that is not as well recommended?

Mrs. Oscar Bjork, 333 1/2 West Main Street, Norwich, Conn., says: "I received good results from Doan's Kidney Pills and therefore, do not hesitate to recommend them. For some time I was bothered by backache and was often so lame that I could hardly move. My mother told me that my kidneys were at fault, and when I heard of Doan's Kidney Pills I procured a box at N. D. Sevin & Son's Drug Store. They proved to be the remedy I required and in a short time removed every symptom of my trouble."

The above statement was given August 26, 1908, and several years later Mrs. Bjork said: "I willingly confirm my former statement in praise of Doan's Kidney Pills. I have no kidney trouble since this remedy cured me."
